

To Whom It May Concern:

The medical magnet program at Lake Worth High School just had an amazing opportunity to have a guest speaker, Mr. Thicklin, come in and speak to us about domestic violence. The presentation was very touching. It definitely impacted my life by teaching me the signs of abuse. It made me realize that someone I love very much is capable of domestic violence towards me. I learned I should get him some help, or just walk away from the relationship. Thankfully I found out the easy way because of this program.

I believe it is a very worthwhile program to have in schools because it teaches kids that they might be in a domestic violence relationship or that they could be the ones who are violent. The program can help kids get help and or talk to a counselor about their problems. Mr. Thicklin was an amazing speaker who really took the time to explain exactly what domestic violence was, by telling and showing us his own personal story. I think that every school should have a guest speaker come in and speak to the students about domestic violence.

Sincerely,

A handwritten signature in blue ink, appearing to be 'J. Thicklin', written in a cursive style.
